CAREER OBJECTIVE

Aspiring Software Developer with a strong foundation in Computer Science. Seeking an opportunity to contribute to innovative projects, apply problem-solving skills and technical knowledge, and grow professionally within a dynamic organization.

EDUCATION

Bachelor of Technology (B.Tech) - Computer Science & Engineering (CSE) CGPA - 8.1

N.K. Orchid College of Engineering & Technology, Solapur | 2023 - Present (Expected 2027)
University: DBATU, Lonere

HSC WITH - 65%

HDHS College, Solapur | 2023
Board: Maharashtra State Board Pune

SSC WITH - 86.20%

Sevasadan Highschool, Solapur | 2021
Board: Maharashtra State Board Pune

SKILLS

- **Programming Languages:** C, Java, Python
- **Core Concepts:** Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), DBMS
- **Backend Development:** Spring Boot, JDBC, REST API
- **Web Development:** HTML, Tailwind CSS, Bootstrap, JavaScript, React.js, Next.js
- **Databases:** MySQL
- **Tools & Platforms:** VS Code, Eclipse, Android Studio, GitHub, MySQL Workbench

CERTIFICATIONS AND ACHIEVEMENTS

- NPTEL Certification in *Programming in Java* (IIT Kharagpur) – **Silver Certificate, Top 1% Rank**, Scored **86%**
- NPTEL Certification in *Database Management Systems* (IIT Kharagpur) – **Elite Certificate**, Scored **72%**
- Filed a **patent** for an innovative *Scheduler Project Idea*
- Published a **research paper** on *Learning Disability Detection System*
- Completed a **2-Day Web Development Workshop** by Google Developer Groups (GDG) On Campus, NKOCET
- Hackerrank java **5 star**(Gold)
- Attended a **Generative AI Workshop**

HACKTHONS / COMPETITIONS

- **Build and Beyond (National-Level Competition)** – Secured **1st Prize** (2026)
- **Hack-AI-thon (GDG Online Hackathon)** – Awarded **Special Recognition for Innovation** and ranked **AGTechathon 1.0** – Participated in a **24-hour National-Level Hackathon** (2025)
- **Hackathon 2.0** – Participated in a **24-hour National-Level Hackathon** (2025)
- **Techathon 1.0** – Participated in a **24-hour State-Level Hackathon** (2025)
- **Smart India Hackathon (SIH)** – Participated **twice** at the national level (2024,2025)

PROJECTS

- **NextHire – AI-Powered Interview & Group Discussion Platform (2026)**
Tech Stack: Next.js, React, Artificial Intelligence, JavaScript
An AI-powered career preparation platform that helps students improve their interview, group discussion, and communication skills. The platform provides mock interviews, GD practice sessions, AI-generated feedback, and personalized recommendations to enhance employability and confidence.
- **RAG-Based Multi-Model System (2026)**
Tech Stack: Python, Machine Learning, NLP, RAG Architecture
A multi-model system based on Retrieval-Augmented Generation (RAG) designed to provide intelligent, context-aware responses by integrating multiple AI models and delivering accurate information from retrieved knowledge sources.
- **Career Pilot Platform (2025–2026)**
Tech Stack: React, Spring Boot, Artificial Intelligence
An AI-based platform that provides career guidance and learning resources, helping students enhance problem-solving, interview, and communication skills through personalized recommendations.
- **Women Safety Android Application (2025)**
Tech Stack: Java, Android Studio, Google Maps API, GPS, SMS Manager
An Android-based women safety application designed to provide emergency assistance through live location tracking and SOS alerts. The app enables users to send their real-time location via SMS to emergency contacts and includes quick-access safety features for immediate response during emergencies.
- **Learning Disability Detection System (2025)**
Tech Stack: React, Python (Machine Learning)
A machine learning-based platform that analyzes children's learning abilities and provides insights with recommendations for further evaluation, assisting in the early identification of learning disabilities.
- **Senior Comfort Travel Platform (2025)**
Tech Stack: HTML, CSS, JavaScript, Google Maps API
A web-based platform developed for senior citizens to simplify travel planning. The system helps users book ground-floor hotels, arrange comfortable transportation, and locate nearby hospitals and medical stores through integrated map-based services, ensuring convenience and safety during travel.

INTERNSHIP & TRAINING

- **Pre-Placement Training – Aptech | March 2026**
Completed a **pre-placement training program** focused on aptitude, logical reasoning, and problem-solving skills relevant to placement assessments
- **Zensar Technologies – Technical & Soft Skills Training | February 2026**
Completed an 8-day **training program** covering workplace communication (2 days) and technical skills (6 days), including Core Java, Advanced Java, SQL, and Python, with hands-on coding and practical sessions
- **Java Developer Intern – Techno Stack Online Internship | Duration: 1 Month February 2025**
- Developed three **Java-based projects**, including a **Calculator**, **Bank Management System**, and **Student Management System**
- **Campus to Corporate Program | August 2024**
Completed a **soft skills training program** focusing on leadership, teamwork, presentation skills, and effective communication for workplace readiness

EXTRA-CURRICULAR ACTIVITIES

- Served as **Joint Secretary** at the CSE Student Association, contributing to the planning and execution of departmental activities
 - **Anchored** multiple college events, demonstrating strong communication and presentation skills.
 - **Coordinated** two National-Level 36-hour Hackathons, ensuring smooth execution and effective team management
 - **Volunteered** as an NSS member, actively contributing to community service and social initiatives
-

ADDITIONAL DEATAILS

- **Date of Birth:** 30/12/2005
 - **Address:** Railway lines Solapur, Maharashtra
 - **Languages Known:** English, Hindi, Marathi ,Kannada
 - **Hobbies & Interests:** Exploring new technologies, public speaking and anchoring, community service, listening to music
